Spring 2020 Schedule
Every Wednesday, 4:00pm - 5:00pm, Location: WSU-TFREC

FEB 5  DR. TIMOTHY NADREAU, PHD (ASSIST. RESEARCHER, WSU)
Topic: Tree Fruit Automation and the Regional Labor Market

FEB 12 SARAH KOSTICK (GRADUATE STUDENT, WSU)
Topic: Enabling more efficient development of fire blight resistant apple varieties

FEB 19 DR. AUDREY HUERTA (PROFESSOR, CWU)
Topic: Geology of Antarctica: Hot Science on a cold Continent

FEB 26 JENNY BOLIVAR-MEDINA (TREE FRUIT SPECIALIST, WSU-TFREC)
Topic: From Cranberries to Tree fruits: a fruitful plant science path

MAR 4  ADRIAN MARSHALL (PHD CANDIDATE, WSU)
Topic: Netting Applications for Insect Management in Apple Orchards

MAR 11 DR. CLAUDIO STOCKLE (PROFESSOR, WSU)
Topic: Technology for trade: new tools and new rules for water use efficiency in agriculture and beyond

APR 8  JESSICA WAITE (POSTDOCTORAL RESEARCHER, WSU-TFREC)
Topic: Physiological and molecular changes associated with acclimation to heat stress in apple fruit

APR 15 DR. DON ROLFS (LIFELONG NATURALIST)
Topic: Native Bees of Washington State

APR 22 DR. APRIL BINDER (PROFESSOR, CWU)
Topic: Estrogen, Testosterone and Fats, Oh My!

APR 29 TARA BARRETT (RESEARCH FORESTER, USDA FOREST SERVICE)
Topic: Forest at the fringes: projecting climate-related tree species shifts in western forests
